

Lakers parents sign up welcome!

## **Announcer**

Thank you so much for signing up to help at our home game! Announcer is an important and fun part of the game. If you haven't announced at a baseball game before, here are some helpful tips to make this an enjoyable event. When announcing, it's important to come 30 minutes before the game so that you can get the team line ups, umpires names and to get acquainted with the team's names and positions. If you don't know how to pronounce a player's name, it's ok to find the team's assistant coach (or even their teammate) and ask.

At the announcing booth you will find a manila folder with your team's name on it. Inside this folder will be an announcer script. This is there to help walk you through announcing the game. You don't need to follow this script exactly, it's just there to help.

You will also find a list of our sponsors in the folder with a short "commercial" to announce during the games. Please make this a priority, without sponsors ..... well you know!

Don't worry, you are going to do great!
